Household & Business Quantities In Each Locality In Malta & Gozo

Updated number of occupied households and businesses around Malta & Gozo for door to door distribution of promotional & informative mail.

February 2013

3D Distributions is pleased to announce these updated locality figures. All quantities represent the number of occupied households and businesses 3D covers within the urban areas of the indicated localities, in the normal course of its distribution process.

A special concerted effort has been made so as to purposely eliminate the thousands of uninhabited households around Malta & Gozo, thus presenting uninflated figures and greatly limiting wastage of material, while also protecting the environment.

These figures bear no relation to officially registered properties, electoral registers, or any other official estimates, but have been collected on the basis and for the sole purpose of such distributions.

Figures cannot be taken as being entirely exhaustive for any locality, but represent the typical quantities required to cover the core urban areas.

All figures and data are being supplied for information purposes only and remain the sole property of 13 Distributions Ltd. Their use, copying, reproduction, publishing or broadcasting is therefore strictly prohibited without 3D's prior written consent.

Legend on Demographic Categories
